In 1988, shareholders along with the current high management of **Central Turbos** began a relationship with turbocharger manufacturers in order to find their niche in the turbochargers market. Ever since **Central Turbos** began in 2001, it is recognized as being at the forefront of Turbo Distribution and became the one place to shop for turbos and turbo parts.

**Central Turbos** is the Distribution Center for American, European, Chinese, Japanese, Korean and Brazilian applications
